## Get to know MUSIC

Our music degree plans within the Dan School of Drama and Music provide an inclusive and welcoming environment for students who wish to explore music as a medium for intellectual growth and personal expression. We encourage our students to develop high-level performance skills while at the same time building crucial music and academic literacy. The new Isabel Bader Centre for the Performing Arts with its award-winning performance hall and waterfront rehearsal room is an inspiring place to learn. To see our amazing new space visit [theisabel.ca](http://theisabel.ca).

New to the Dan School of Drama and Music is a joint 2+2 year program with St. Lawrence College (Brockville) leading to a Bachelor of Music Theatre (see the Bachelor of Music Theatre Major Map for more information), as well as the concurrent Bachelor of Music and Digital Media (MDM) Diploma program. The MDM program is a joint 4+1 year program between Queen's University and St. Lawrence College (Kingston), where students combine up-to-date skills in sound and digital technology with a high-standard education in music performance and academics, receiving both a Queen's degree and a St. Lawrence diploma.

## Why study in Kingston?

For over 175 years, the Kingston community has been a collection of bright minds. We are proud that our city was named one of the top **Intelligent Communities** across the globe, an accolade largely due to the thousands of students who study here every single year. In fact, the BBC has identified Kingston as one of the **GREATEST UNIVERSITY TOWNS** in the world, which might be why Instagram named the city 'the happiest place on the planet'. Just a quick drive to Toronto, Montreal, Ottawa and even New York, Kingston is a safe and liveable city. Not only are we known as the **freshwater sailing capital of the world**, Kingston is arguably the birthplace of hockey. Wondering what to do while you're attending school? Queen's has more clubs per capita than any other university in Canada, and Kingston has more restaurants per capita than any other city in North America; your time here is guaranteed to be 'fresh made daily'.
