QUEEN’S UNDERGRADUATE INTERNSHIP PROGRAM

QUIP Internships On-Campus – Employer Manual

2017-2018
Welcome to QUIP

Internships give students the opportunity to develop skills and knowledge through a structured experiential learning program. Students acquire hands-on experience in professional settings, build contacts, learn about workplace expectations, explore career options and the bridges between theory and practice, and develop skills. Interns graduate with expanded credentials and networks, as the internship is a component of their academic program.

Increasing the number of experiential learning opportunities for students is a priority for the university, and departments on campus can participate by providing QUIP internships for students. Queen’s students have a broad range of skills and experiences that they can bring to their internship positions, and can make significant contributions during their internships.

The QUIP program is coordinated through a partnership between Faculties/Schools (the academic components) and Career Services (the job search, employer support, and administrative components). As a department you can create an internship that will give a student the opportunity to engage in significant projects, experience work in a professional setting, and receive regular coaching and performance evaluations to help them build skills and confidence.

Hiring an intern has been a real benefit to our department. He has brought fresh perspective to a strategic development project, and is able to add additional and valuable depth to many of our initiatives. He is keen to take on tasks to help out the whole office, and we know we can rely on the quality of his work.

c) Do you have an employer account in the MyCareer system (which you may have used to post Work Study positions or SWEP proposals)?

**YES**

If you have an employer account in the MyCareer system, login to [https://careers.sso.queensu.ca/employers/overview.htm](https://careers.sso.queensu.ca/employers/overview.htm)

Click on “Post a New Job” (blue tab, centre of screen), then “QUIP postings”.

**NO**

If you do NOT yet have an employer account in the MyCareer system, register for a login and password at MyCareer at [https://careers.sso.queensu.ca/employers/registration.htm](https://careers.sso.queensu.ca/employers/registration.htm)

You will be emailed with your username and temporary password

Login to [https://careers.sso.queensu.ca/employers/overview.htm](https://careers.sso.queensu.ca/employers/overview.htm)

Change your password – click on “My Account”

Click on “Post a New Job” (blue tab, centre of screen), then “QUIP postings”.

Email [quip@queensu.ca](mailto:quip@queensu.ca) if you experience any complications.
Once your position is posted, the QUIP team at Career Services will work to get the word out to students. If you know of students through your own networks who may be interested, please direct them to contact quip@queensu.ca.

6. Interview and Review Candidates

   a) The QUIP office will screen, bundle and send one file with all of the applicants to you the business day after the posting closes.
   b) Review the applicants, decide who you wish to interview and email quip@queensu.ca to arrange interviews.
   c) Complete your interview and assessment process. You determine your interview process (there are no set questions required).

   *If you need to contact a student directly, please copy quip@queensu.ca in all correspondence.

7. Make a Job Offer

   a) Confirm candidate availability. During peak periods, students may be receiving multiple job offers so we ask that all offers are extended through the QUIP Office. Email quip@queensu.ca with the name of your chosen candidate and the following information:

   - Start/end dates
   - Salary
   - Work schedule
   - Any changes to the original job description

   b) Students will have 2 business days to reply to the job offer. The QUIP Office will contact you with the student’s decision. If the student has further questions about the offer, the QUIP Office will connect you and the student via email.

8. Hire Successful Candidate

Once the student(s) has accepted, complete the second half of HR FRM 057 Approval to Create a QUIP Internship (download from http://careers.queensu.ca/faculty-staff/hire-student) and send to your HR Advisor. S/he will complete the offer letter and review it with you.
9. Onboard and Supervise Intern

Your onboarding for your QUIP intern will likely follow a similar process to when you orient other new team members. The [HR Orientation Toolkit](#) provides an easy-to-follow process, including checklists. Because of the unique nature of these experiential learning positions, there are some additional considerations:

**Intern Contact Information:**
Intens will already have a Queen’s NetID and email address in their role as students. However, for their work, please ask the intern to use their new employee NetID and email account (created automatically once their contract is in the system) rather than their student NetID and email account for all work related activities. This allows you to give interns access to systems required for their position using the NetID associated with the internship, and then terminate this access at the end of the internship. For complete details about the use of the employee email account see the [Fact Sheet](#) from the Records Management and Privacy Office and work with your department’s ITAdminRep if you have any questions.

**QUIP Program Information**
Intens will have attended a Pre-Departure Session with a QUIP Coordinator, and will have received a copy of the QUIP Pre-Departure Manual. If your intern(s) has any questions about the QUIP program that you can’t answer, please ask them to contact quip@queensu.ca

**Check-Ins and Questions from the QUIP Coordinator**
You and the intern will receive an email check-in from QUIP within the first 2-3 weeks of the student’s internship. This is a chance for you to let us know that things are going well, and to seek our assistance if you have any questions or if there is anything not going smoothly. Throughout the internship promptly inform the intern and the QUIP team should there be any current or impending issues that may materially affect the intern’s employment status.

**Performance and Learning**
The goal of the internship is a positive learning experience for the intern. Your role as employer includes providing meaningful work and on-going supervision and coaching. Specifically you will

- Complete performance evaluations at 4, 8, and 12 months (and 16 if applicable). Every four months your intern will give you the appropriate performance evaluation form. After you complete your section, please meet with the intern and have a discussion about their goals and performance. The intern will then send the completed form to QUIP.
- Ensure the intern knows who to go to for questions and support with their work.
- Provide regular feedback and coaching.
- Possibly be asked to review a draft of the intern’s final report that they will be submitting near the end of their internship.

Questions or Concerns?
The QUIP team is available throughout the internship should you or your intern(s) have any questions or concerns – send an email to quip@queensu.ca.
