

Philosophy

Philosophy, according to Plato, concerns itself with the good, the true, and the beautiful. Grappling with life's big topics, it also provides students with critical thinking skills that enable you to uncover hidden assumptions, identify core premises, and evaluate arguments. We offer courses that span the history of philosophy, from the ancients to contemporary thinkers, and others that cover broad philosophical topics – from ethics and aesthetics to metaphysics and the nature of truth.

TOP 5 REASONS to study PHILOSOPHY

- 1 Philosophy puts you in dialogue with society's brightest minds, from the ancients to more cutting-edge contemporary thinkers.

- 3 Students gain analytical skills, and can better understand presuppositions behind arguments.
- 4 Philosophy will teach you to challenge your own worldview.
- 5 We offer exchange opportunities to more than 100 schools in over 30 countries.
