Welcome to QUIP

QUIP Internships give students the opportunity to develop skills and knowledge through a structured experiential learning program. Students acquire hands-on experience in professional settings, build contacts, learn about workplace expectations, explore career options, bridge theory and practice, and develop skills. Interns graduate with expanded credentials and networks, as the internship is a component of their academic program.

Increasing the number of experiential learning opportunities for students is a priority for the university, and departments on campus can participate by providing QUIP internships for students. Queen’s students have a broad range of skills and experiences that they can bring to their internship positions and can make significant contributions during their internships.

The QUIP program is coordinated through a partnership between Faculties/Schools (the academic components) and Career Services (the job search, employer support, and administrative components). As a department, you can create an internship that will give a student the opportunity to engage in significant projects, experience work in a professional setting, and receive regular coaching and performance evaluations to help them build skills and confidence.

Interviews and Job Offers

1. When the Posting Closes

The QUIP office will screen and bundle all student applications into one file. We will send the job bundle to you within 1-business day following the posting closing. Candidate applications within the bundle have confirmed eligibility to proceed with the interview process.

2. Interview and Review Candidates

a) Review the applicants in the bundle that the QUIP team sent to your office.

b) Decide which candidates you would like to interview and email quip@queensu.ca to arrange interviews on your behalf.
   - Alternatively, you may connect with candidates directly. However, we do ask that you cc quip@queensu.ca on all correspondence so we can best support the student.

c) Complete your interview and assessment process. You will determine your interview process. There are no set questions required.

3. Make a Job Offer

a) Confirm candidate availability. During peak recruitment periods, students may receive multiple job offers. We therefore ask that all offers are extended through the QUIP Office. Email quip@queensu.ca with the name of your chosen candidate and the following information:
   - Start and end dates
   - Salary
   - Work schedule
   - Any changes to the original job description

b) Students will have 2 business days to reply to the job offer. The QUIP Office will contact you with the student’s decision. If the student has further questions about the offer, the QUIP Office will connect you and the student via email.
   - Alternatively, you may offer the role directly to the selected candidate(s). However, we do ask that you cc quip@queensu.ca on all correspondence so we can best support you and the student.

4. Hire the Successful Candidate

Once the student(s) has/have accepted, complete the second half of HR FRM 057 Approval to Create a QUPI Internship and send to your HR Advisor. They will complete the offer letter and review it with you.
Onboarding and Supervising a QUIP Intern

The onboarding for your QUIP intern will likely follow a similar process to when you orient other new team members. The New Employee Onboarding Checklist on the Queen's HR Intranet provides an easy-to-follow process. Please also see Appendix E for a Remote Onboarding Checklist. Because of the unique nature of these experiential learning positions, there are some additional considerations:

**Intern Contact Information:**

Interns will already have a Queen's NetID and email address in their role as students. However, for their work, please ask the intern to use their new employee NetID and email account (created automatically once their contract is in the system) rather than their student NetID and email account for all work-related activities. This allows you to give interns access to systems required for their position using the NetID associated with the internship, and then terminate this access at the end of the internship. For complete details about the use of the employee email account see the Fact Sheet from the Records Management and Privacy Office and work with your department's IT Admin Rep if you have any questions.

**QUIP Program Information:**

Interns will have attended a Pre-Departure Session with a QUIP Coordinator and will have received a copy of the QUIP Pre-Departure Manual. If your intern(s) has any questions about the QUIP program that you cannot answer, please ask them to contact quip@queensu.ca.

**Check-Ins and Questions from the QUIP Coordinator:**

You and the intern will receive an email check-in from QUIP within the first 2-3 weeks of the student’s internship. This is a chance for you to let us know that things are going well, and to seek our assistance if you have any questions or if there is anything not going smoothly. Throughout the internship promptly inform the intern and the QUIP team should there be any current or impending issues that may materially affect the intern’s employment status.

**Performance and Learning:**

The goal of the internship is a positive learning experience for the intern. Your role as employer includes providing meaningful work and on-going supervision and coaching. Specifically, you will

- Complete performance evaluations at 4, 8, and 12 months (and 16 if applicable). Every four months your intern will give you the appropriate performance evaluation form. After you complete your section, please meet with the intern, and discuss their goals and performance. The intern will then send the completed form to QUIP.
- Ensure the intern knows who to go to for questions and support with their work.
- Provide regular feedback and coaching.
- Possibly be asked to review a draft of the intern's final report that they will be submitting near the end of their internship.

**Questions or Concerns?**

The QUIP team is available throughout the internship should you or your intern(s) have any questions or concerns – send an email to quip@queensu.ca.
