1. Introduction

Thank you for your interest in recruiting at Queen's!

The [Queen's Undergraduate Internship Program](#) (QUIP) offers employers an opportunity to hire interns for a 12-16-month period. The QUIP team wants to make the process of hiring an intern as easy as possible for both you and our students. The first few pages of this guide give you a brief overview of the program model, while the following pages provide more detailed instructions on the steps required to hire an intern.

We encourage all employers to contact the QUIP team at any time to discuss how we can help you meet your employment needs.

2. About QUIP

The Queen's Undergraduate Internship Program (QUIP) provides students with 12–16-month work experience. QUIP internships are full-time, paid, professionally supervised, career-related positions offering students the opportunity to learn about current advances, practices, and technologies in business and industry.

Internships are 12 to 16 months – beginning in January, May, or September. Most students are seeking opportunities to begin in May or September – as those dates are most closely aligned with the academic calendar. Internships are paid and must meet local labour laws and employment standards. The average salary of QUIP interns is approximately \$55,000/year.

Students eligible for QUIP will typically have completed two or three years of study and must have a minimum 1.90 GPA along with permission of their department to participate. Employers and students are required to submit three performance evaluations to the QUIP team over the course of the internship and a final work-term deliverable at the end of the year.

3. Value for the Employer

The 12-16-month internship model allows employers to maximize return on training and minimize recruiting costs. During the internship, students will have the chance to apply the knowledge and skills they have been gaining through their classroom and co-curricular experiences at Queen's, making a valuable contribution to your organization. Students bring fresh ideas and creative energy to your team during their internship year, returning to campus to spread the word about their experience and raising your organizations' profile amongst new graduates and future interns.

We offer support to employers throughout the entire internship process, from the recruitment to internship phase:

A. Recruitment Phase

- We follow a continuous recruitment cycle, so you can post internship positions, interview students, and extend offers when it is convenient for you.
- Our internship-specific job board is simple to access to post your internship opportunities, giving you access to hundreds of QUIP student candidates.
- QUIP helps with posting jobs, scheduling interviews, and offer extension.
- We promote internship positions to campus partners (faculty offices/student groups).
- We create and promote opportunities for you to raise your profile on campus through career fairs, employer information sessions, advertising, and sponsorship packages.

B. Internship Phase

- We prepare students for the transition from academic study to work settings through job search modules, 1-1 advising, and professional workshops.
- We encourage student learning and skill development through reflection and evaluation components while on internship.
- The QUIP team is always available to offer support to employers and students – email quip@queensu.ca.

3.1 Hiring Incentives & Tax Credits

Additional [hiring incentives](#) (e.g., wage subsidies and funding) are available through government programs designed to offer support to employers who hire students accredited programs at their school. **We encourage all employers to explore the various programs and apply early.**

Employers in Ontario who hire students enrolled in QUIP may be eligible for the [Ontario Cooperative Education Tax Credit](#). Upon the employer's request, a tax credit letter will be provided by the QUIP team, verifying the student's enrollment in QUIP, along with their internship start and end dates.

4. Best Practices for Equity, Diversity, Inclusion, and Indigenization (EDII) in Student Recruiting

Queen's University is committed to recruiting processes that support diversity, equity, and inclusion. These guidelines offer best practices to consider when recruiting at Queen's, helping to foster meaningful engagement with a variety of students and offer an inclusive recruiting process.

We have consulted with across Queen's University faculties, the human rights and equity office, and student services units to develop the following recommendations on supporting students from equity-deserving backgrounds and to contribute to your goals for improving equity and inclusion in your organization.

Queen's Principles for Intern Recruiting:

1. To ensure all organizations recruiting interns through our career offices use recruiting practices that are open, accessible, and inclusive with respect to many aspects of diversity including ethnicity, gender, race, sexual orientation, ability, and socioeconomic status.
2. To provide support for our employers about best practices for recruitment with an EDII lens, specific to internships, from engaging with students and posting jobs to interviews.
3. To communicate our policies and procedures when engaging with students (on-campus or virtually) and coordinating processes for receiving and responding to disclosures of inappropriate incidents involving discrimination, harassment, or sexual violence with recruiters.

Equity, Diversity, Inclusion, and Indigeneity Commitment and Actions:

Queen's University Career Services encourages all employer partners to commit to the following diversity and inclusion actions:

1. Consciously provide interns and employees with educational opportunities to develop diversity and inclusion competency.
2. Take action to create an increasingly diverse and inclusive work force by engaging in continuous organizational self-assessment aimed at decolonizing company traditions and practices.
3. Implement equitable opportunities for historically underrepresented individuals and groups to participate in organizational change within your company despite position or authority.
4. Expand opportunities for your company's senior leadership to understand the experience of historically underrepresented employees by centering their voices and incorporating their feedback into organizational decision making.

Please see the resource below for more information:

- [Employer Terms and Conditions](#)
- [Hiring & Engaging Diverse Student Talent: Employer Toolkit](#)

Should you require additional support and assistance regarding EDII best practices for student internships recruitment, please contact quip@queensu.ca.

5. Recruitment Timelines

Participation in QUIP is a competitive process and hiring takes place year-round. This means that you can post positions, conduct interviews, and extend offers at any time during the year. We do not have any posting, ranking, or offer deadlines.

The chart below outlines recommended recruitment periods so that you can access the widest pool of applicants. We encourage students to monitor the QUIP posting board until they have secured a suitable position, however past experience tells us that most students are actively engaged in their job search during the fall and early winter recruitment periods.

Recommended Recruitment Periods:

Position Start Date	Timeline Options	Peak Time to Post Jobs	Recommended Period for Interviews	Recommended Period for Extending Offers
January*	n/a	Mid-September to October	October	October-November
May**	Option #1	Mid-September to October	October	October-November
	Option #2	January-February	February	February-March
September	Option #1	January-February	February	February-March
	Option #2	May-June	June-July	June-July

***Note:** Students at Queen's tend to sign housing leases in early January. In the past we have found that some students feel pressured to decide between searching for an internship and re-signing their lease, therefore we encourage employers to post positions in the Fall semester when possible.

****Note:** May is the most popular internship start date. Most of our students will begin searching for a May internship in the Fall and early Winter.

6. Additional Recruitment Strategies

We have several ways in which you can increase your organization's profile with Queen's students. We find that an on-campus presence helps students connect with employers and increases the number of applicants an employer can expect to receive for their internship posting.

A) Host an Information Session

[Employer information sessions](#) provide an opportunity to make connections with Queen's students and let them know about your organization and your internship program. Please contact the On Campus Recruiting Team at gocr@queensu.ca for booking.

B) Career Fairs

QUIP employers are encouraged to attend [on-campus events](#) to connect directly with students. Employer presence at these events increases student awareness about your company and increases the number of applicants you will receive for the position. It is also an opportunity to connect with our returned interns who may be searching for new graduate positions. Please contact the On Campus Recruiting Team at gocr@queensu.ca for booking.

Events List:

- **Fall Engineering and Technology Fair** - Wednesday, October 1, 2025
- **Career & Further Education Fair** - Thursday, October 2, 2025
- **Summer, Part-time, & Volunteer Opportunities Fair** - Tuesday, January 20, 2026
- **Winter Engineering and Technology Fair** - Wednesday, January 21, 2026

C) Sponsorship and Advertising

To increase your visibility and brand awareness we offer many varied opportunities. These include information sessions, branding opportunities and sponsorships. Your presence on campus will give you the opportunity to engage with students and better inform them of your recruitment programs. Please contact our On Campus Recruiting Team at gocr@queensu.ca for more information about potential opportunities.

7. Posting an Internship Position

Internship positions can be posted directly to the QUIP Job Board within MyCareer. Although postings can be accepted at any time during the year, employers may refer to the recommended recruitment period chart to access the widest pool of candidates.

Please see [Appendix A](#) for a job description template, and [Appendix B](#) for a sample job description. Once you gather all the necessary information for MyCareer, proceed to posting the role. Follow the step-by-step MyCareer instructions found in [Appendix C](#).

Note: School of Computing students are eligible to apply only to positions specifically approved for their program and that involve tasks such as working with Programming languages (SQL, Java, C, C++), Coding, Scripting, and Troubleshooting, Operating Systems (e.g., UNIX, Linus), etc. If the position you intend to post involves any of those tasks, please be sure to outline them in the job description.

Once your position is posted, the QUIP team at Career Services will work to get the word out to students. If you know of students through your own networks who may be interested, please direct them to contact quip@queensu.ca.

7.1 Applicant Review Options

View applications as they are submitted:

By logging into MyCareer / Queen's Undergraduate Internship Program / QUIP Job Board, employers can view the number of applications received for each job posting (column "# of Applications") and the application submitted by each student ("Click to view"). This option allows employers to "Download Package" or access to a "Quick Preview" of the students' applications.

Receive application bundle after the job posting deadline:

Employers will receive the application bundle in one single PDF file to the email address linked to the job posting the business day after the application deadline. All students in the bundle are registered in QUIP and eligible for 12-16 months internship.

8. Interviewing Candidates

Wherever possible, please cc quip@queensu.ca on all interview communications with Queen's students. This allows the best service delivery and support from the QUIP team to the student and to the employer.

8.1 Types of Interviews

There are several possible methods to host and conduct your student recruitment interviews. Regardless of which format you choose, we highly recommend giving students **at least 2 business days' notice** prior to the interview. This allows them sufficient time to prepare.

1. **Phone or Virtual Interviews:** The QUIP team can assist with scheduling phone and video conferencing interviews, such as Zoom or Microsoft Teams.
2. **On-campus Interviews:** Rooms at Queen's Career Services and scheduling service are provided free of charge to employers hiring QUIP interns. Employer sends list of candidates, preferred dates, and times to QUIP team. QUIP team sends confirmation once all candidates have been scheduled.
3. **On-site Interviews:** If your organization is outside the Kingston area, on-site interviews at your location generally require 4-5 days notice for students to arrange their academic schedules and transportation. Once we have confirmed the student's availability, we will connect you directly with the student to arrange a time that works for you and your hiring managers.

Appendix D – Onboarding Checklist

Please use the following resources to support your QUIP Intern Supervision.

These checklists do not need to be submitted to QUIP.

Below is a helpful checklist for preparing, onboarding, and supervising your QUIP intern. Effective onboarding and supervision processes increase the student's sense of belonging in a new learning environment, reduce the time it takes for them to reach desired productivity levels, and improve their overall learning and performance.

We encourage you to tailor each list to make it as useful as possible for you and your team:

1. Before First Day of Work
2. During First Day of Work
3. During First Two Weeks
