### Applying to and Navigating Graduate Studies

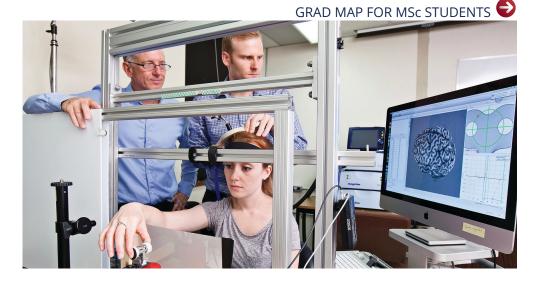

### Why GRADUATE STUDIES in PSYCHOLOGY?

Graduate studies in Psychology provide training in establishing a scientific understanding of human behaviour and its causes across the lifespan. This training focuses on developing expertise in the discipline's theoretical and empirical literature, conducting research aimed at making new scientific discoveries, and disseminating knowledge about psychology to students and the broader community. The skills and expertise that graduate students develop during the course of their graduate degrees are in demand in the public and private sector, including a wide range of industries, management, government, universities and schools, corrections, hospitals, and private practice. Those with graduate degrees in Psychology will be well situated to take advantage of these and many more opportunities to apply this crucial expertise.

### Why QUEEN'S?

The graduate program in Psychology at Queen's is internationally renowned for its excellent faculty and students, its innovative training and the value of its research, scholarship and skill development. We offer programs in core areas of Psychology, with a strong emphasis on high-quality critical scholarship, fundamental research and discovery, and application in clinical,

community, and private sectors. Students work collaboratively with an interdisciplinary group of world-class researchers who provide training with state-of-the-art techniques to make discoveries and communicate those discoveries to the relevant stakeholders. Our goal is to prepare students for successful careers in a variety of settings, including clinical and health care settings, industry and the private sector, academic institutions, private consulting firms, and many others.

## Graduate Studies FAQs

### How do I make the most of my time at Queen's?

Use the Grad Map to plan for success in five overlapping areas of your career and academic life. Everyone's journey is different - the ideas on the maps are just suggestions to help you explore possibilities. For more support with your professional development, take advantage of the SGSPA professional development framework and the new <u>Individual</u> <u>Development Plan (IDP)</u> process to set customized goals to help you get career ready when you graduate.

### Where can I get help?

Queen's provides you with a broad range of support services from your first point of contact with the university through to graduation. Ranging from help with academics and careers, to physical, emotional, or spiritual resources – our welcoming environment offers the programs and services you need to be successful, both academically and personally. Check out the <u>SGSPA website</u> for available resources.

### What is the community like?

At Queen's, graduate students from all disciplines learn and discover in a closeknit intellectual community. You will find friends, peers and support among the graduate students enrolled in Queen's more than 130 graduate programs within 50+ departments & research centres. With the world's best scholars, prize-winning professional development opportunities, excellent funding packages and life in the affordable, historic waterfront city of Kingston, Queen's offers a wonderful environment for graduate studies. Queen's is an integral part of the Kingston community, with the campus nestled in the core of the city, only a 10-minute walk to downtown with its shopping, dining and waterfront. For more about Kingston's history and culture, see Queen's University's Discover Kingston page.

# Graduate Application FAQs
