BA Psychology  

What animal is the smartest? What persuasion techniques work best? How is your gender identity formed? These questions and more are explored through the study of development, cognition, motivation and social behaviour in this online general BA. You will test theories, evaluate scientific evidence and apply this knowledge to everyday life. In the process you will develop effective communication, collaborative, and technical skills that are essential in today's workplace.

PROGRAM PLAN
The Bachelor of Psychology program plan consists of 90.0 units. 60.0 of these units are electives which can be taken from any subject, at any level and in any order, as long you have (or obtain) the prerequisites for any 200 or 300-level courses. The other 30.0 units must be taken as described below.

CORE COURSES (6.0 UNITS)
- PSYC 100 (6.0 units): Principles of Psychology

OPTION COURSES (24.0 UNITS)
Complete 24.0 units from the following:

“During my tenure at Queen’s, I engaged with remarkably perceptive and devoted professors and peers. This journey not only directed me towards significant professional milestones but personal growth as well. With my Psychology BA, I obtained diverse internships and my ongoing role, where I assist a clinical psychologist in supporting neurodiverse children. Queen's esteemed standing eased my entrance into my upcoming master's program, bridging the gap to my career ambitions.”

- Adhmina Menhji, BA Psychology 2023
Psychology ONLINE BACHELOR OF ARTS MAP

EARLY STAGES
• Initially you will have the chance to explore the foundations of Psychology along with some electives.
• Then, start going deeper into the discipline of Psychology, and consider adding a certificate such as Employment Relations.
• Want to make sure your academics are where you want them to be? Visit SASS (Student Academic Support Services) and the Writing Centre websites for help.

LATER STAGES
• Start grouping courses in areas of interest, or keep it more general and explore many areas of Psychology.
• Book an online appointment with an Academic Advisor to make sure you are on track and have planned out your courses for the final stages of your degree.

BUILD SKILLS AND EXPERIENCE
• Investigate requirements for future full-time jobs or other career related opportunities. Assess what experiences you’re lacking and fill in gaps with volunteering or clubs.
• Start collecting stories and evidence of your experiences to use in future resumes, cover letters, interviews, and portfolios.

GET CONNECTED WITH THE COMMUNITY
• Join groups on LinkedIn reflecting specific careers or topics of interest in Global Development Studies.
• Reach out to the ASD Student Engagement Lead to get connected with peer mentors.
• Follow Arts and Science Online on Facebook to connect with us.

ENGAGE WITH DIVERSITY
• Prepare for work or studies in a multi-cultural environment by taking a QUT’s Intercultural Awareness Certificate, and research possible immigration regulations.
• Consider a study abroad experience at Queen’s University in England.

GET READY FOR LIFE AFTER GRADUATION
• Get some help with exploring career options from Career Services. A career coach can help you think through possibilities, take stock of your experience, and figure out next steps to move in the direction of your career goals.
• Explore different careers of interest by through Career Cruising or by finding and connecting with alumni on LinkedIn.

HOW TO USE THIS MAP:
Is a career change or further education in your future? Use the 5 categories of the map to explore possibilities and plan for success in the five overlapping areas of career and academics.

WHAT WILL I LEARN?
A degree in Psychology can equip you with the skills to:
• Think critically and systematically
• Generate ideas about complex subjects
• Use methods of analysis and logical reasoning
• Form and defend positions
• Consider unfamiliar ideas and evaluate opposing arguments
• Identify underlying assumptions across a range of issues
• Summarize and communicate complex material
• Speak and write at a superior level
• Interpret historical and contemporary ideas and texts
• Transferable skills that can be gained through an interdisciplinary approach to intellectual inquiry, argument and analysis.

WHERE CAN I GO?
A degree in Psychology can take your career in many directions. Our students are equipped with a strong foundation for careers in:
• Advertising
• Basic and applied research
• Business administration and management
• Child and youth care
• Community development
• Conflict resolution and mediation
• Consumer behaviour
• Corrections
• Career counseling
• Health care administration
• Human resources
• Marketing
• Media – electronic & print
• Occupational health and safety
• Program evaluation
• Residential care
• Teaching
Some careers may require additional training or experience.

WHAT ABOUT GRADUATE SCHOOL AND FURTHER EDUCATION?
When investigating requirements for careers of interest, be sure to take note of educational requirements – particularly if they require further education beyond a bachelor’s degree. While there are many programs open to 3-year degree graduates, some may require a 4-year degree, the equivalent of a 4-year degree, or a combination of education and experience.

For graduate school programs requiring a 4-year degree, you might want to consider:
• Getting additional work experience before applying to further education to apply later as a mature student.
• Extending your 3-year degree by adding a certificate or additional courses to be equivalent to a 4-year degree.
• Taking additional colleges courses or a 1-year diploma at a college to make up the equivalent of a 4-year degree.
• Exploring if it is possible to take required courses at the future institution during a year as a qualifying student before beginning graduate education.
• Looking for programs that are more flexible in their requirements – in particular: private institutions, college post-grad diplomas, and overseas programs such as in Europe where a 3-year undergraduate degree is more common.
• Learning from your classmates about what programs they are applying to with their 3-year online degrees.
• Read the article Post-Graduate Options for General (90.0 unit) Bachelor’s Degrees.
Application FAQs

How does ONLINE LEARNING work?
Find out how online learning works here.

When can I APPLY?
Learn more about key dates for admission applications here.
