Concurrent Education

Get to know CONCURRENT EDUCATION

Concurrent Education at Queen’s is a program that prepares students who are passionate about teaching and learning to become educators.

ConEd grads are caring, critically reflective and dedicated to inclusivity, social justice, collaboration, and leadership. They are viewed favourably by school boards and other prospective employers due to their additional field experience in schools and early exposure to issues and policies in education.

Our “ConEddies” are a close-knit group of students who bond during their first four years at Queen’s, through shared activities and leadership opportunities. One of the highlights of the fifth year of the program is the three-week Alternative Practicum, which can be done outside a school setting and anywhere in the world as long as it is related to your area of study. Queen’s also offers travel fellowships to support international practicum placements.

With Queen’s ConEd, you will be working on two degrees at the same time – an Honours Bachelor of Arts, Science (including Kinesiology), and a Bachelor of Education degree – both from day one! The BEd degree from Queen’s is widely accepted for teacher certification across Canada and around the world. What makes Queen’s grads more marketable is that they will all graduate with a concentration in one subject area, as listed under Degree Options.

A Common START

Queen’s ConEd offers two program options that lead to teacher certification: Primary-Junior (Junior Kindergarten – Grade 6) or Intermediate-Senior (Grades 7 –12). Students select one option at the end of first year.

Your first year of Queen’s ConEd is all about exploring options. You will all take an introductory teaching course and complete practical experience placements in non-traditional educational settings with a focus on those in grades K-8 before choosing your preferred divisions.

Course HIGHLIGHTS

All students take courses about:
• teaching and curriculum
• assessment and evaluation
• professional teaching practice
• equity and inclusivity
• special education
• psychology and philosophy
• social justice

These courses will allow you to critically reflect on how you will practice as an educator.

Degree OPTIONS

Bachelor of Arts / Fine Art / Science / Music (all are Honours programs)

Bachelor of Education

Final Year concentrations may include At-Risk Adolescents and Young Adults / At-Risk Children / Indigenous Teacher Education / Assessment and Evaluation / Exceptional Learners / International Education / Educational Leadership / Educational Technology / Environmental Education / Social Justice / Teaching and Learning Outside of Schools.

We offer optional Final Year Program Tracks in
• Artist in Community Education
• Indigenous Teacher Education
• Outdoor & Experiential Education
• Primary-Junior French as a Second Language

Intermediate-Senior (IS) TEACHING SUBJECTS

Candidates in the IS program option choose two of the following subjects:
• Dramatic Arts
• English
• First Nations, Métis and Inuit Studies
• French as a Second Language
• History or Geography
• Mathematics
• Music - Instrumental or Vocal
• Science - Biology
• Science - Chemistry
• Science - Physics
• Visual Arts
• Social Sciences
• Health & Physical Education (only available to those in the Kinesiology program)
• Social Sciences

That is a degree from Queen's.

Concurrent Education MAJOR MAP

BACHELOR OF EDUCATION | BACHELOR OF SCIENCE HONOURS | BACHELOR OF ARTS HONOURS | BACHELOR OF MUSIC HONOURS | BACHELOR OF SCIENCE (KINESIOLOGY)

1ST YEAR
- Take PROF 110 and EXLR 110 (2-week teaching placement). Take PSYC 100.
- Check your program's Arts, Science, Fine Art, Music, or Kinesiology major map for first-year courses. If you plan to teach high school, make sure you take the "starter courses" for at least two teaching subjects. Choose your teaching subjects and your Arts & Science plan (major) at the end of first year.

2ND YEAR
- Take PROF 210 and EXLR 210 (PS) or EXLR 211 (IS) (3-week placement). Enroll in the Arts, Science, Fine Art, Kinesiology, or Music courses for your chosen plan and keep an eye on the requirements for your teaching subjects.

3RD YEAR
- Take PROF 310, PRAC 310 (PS) or PRAC 311 (IS) (3-week placement). Continue taking courses to complete your Arts, Science, Fine Art, Kinesiology, or Music requirements. Make sure you are on track in your Education requirements.

4TH YEAR
- Make sure you are completing all Arts & Science or Kinesiology degree requirements this year. Apply to graduate on SOLUS. If you're planning to apply for an optional Program Track in your final year, prepare your application for December.

5TH OR FINAL YEAR
- Choose a concentration, and we will preload you into this and your other courses. If you are in a Program Track, you are already in a concentration. You will complete large blocks of practicum placements this year. You will choose three potential school boards for practicum placement in April before you begin Final Year.

Employability skills
Your time at Queen's will give you valuable skills to boost your employability, including:
- Knowledge of educational theories and practices
- Ability to develop learning materials and lesson plans
- Interpersonal skills to help you understand group dynamics and resolve or mediate conflicts
- Oral and written communication, including how to give instructional presentations
- Ability to manage a classroom and the behavior of individual students
- An understanding of learning and physical exceptionalities, and other factors that influence learning
- Knowledge of ethics guidelines

Where could I go after graduation?
In addition to teaching in elementary and secondary schools:
- Children's Services
- Communications, media, and publishing
- Community development
- Curriculum development
- Educational technology
- International education
- Outdoor education
- Professional development training
- Public relations
- Teaching – adult, college, early childhood education, and ESL

Taking time to explore career options, build experience, and network can help you have a smoother transition to the world of work after graduation.

Use the 5 rows of the map to explore possibilities and plan for success in the five overlapping areas of career and academics. The map just offers suggestions – you don't have to do it all! To make your own custom map, use the My Major Map tool.

GET THE COURSES YOU NEED
- Join teams or clubs on campus such as Big Brothers Big Sisters, Frontiers College Queen's Students for Literacy, or Kaleidoscope. See the QAMS Clubs Directory or the Queen's Get Involved page for more ideas.
- Volunteer on or off-campus with different community organizations. Get involved with the Concurrent Education Student Association (CESA). Apply to be a "Tutor in the Classroom" with the Limestone District School Board or apply for the Read-A-Lot program.
- Attend the Queen's Conference on Education.
- Get involved with your specific Arts & Science department's Student Council (DSC) or the Physical Health Education & Kinesiology Student Association. Apply to be a "Tutor in the Classroom" with the Limestone District School Board. Start or continue volunteering with organizations in the community. Attend or volunteer at the Queen's Conference on Education.

BUILD SKILLS AND EXPERIENCE
- Look into summer jobs by talking to your Arts & Science or Kinesiology department or Career Services about work work throughSWEP or Work-Study. Take more responsibility within different clubs or extracurriculars.
- Consider applying for an Undergraduate Student Summer Research Fellowship (USSRF).
- Assess what experience you're lacking and fill in gaps with volunteering, clubs, or internships – check out the Career Services workshops for help.
- Get involved in the Education Student Society. Join groups on LinkedIn reflecting specific careers or topics of interest in Education.
- International students interested in staying in Canada can speak with an International Student Advisor. Start thinking about your Final Year Concentration and consider selecting International Education.

ENGAGE WITH YOUR COMMUNITY
- Volunteer for Kaleidoscope. Apply to be a "Tutor in the Classroom" with the Limestone District School Board.
- Attend or volunteer at the Queen's Conference on Education.
- Become a member of professional associations like the Canadian Teachers' Federation and the Canadian Education Association. Apply to be a "Tutor in the Classroom" with the Limestone District School Board.

GET THINKING GLOBALLY
- Speak to a QULIC advisor or get involved in their programs, events and training opportunities.
- Prepare for work or studies in a multi-cultural environment by taking the Intercultural Awareness Training Certificate and research possible immigration regulations.
- Is an exchange in your future? Start thinking about where you would like to study abroad. Apply in January for a third-year exchange through the International Programs Office.
- Consider getting certifications for Teaching English as a Second Language.
- Build your intercultural competence by practicing or improving your language skills. Go on exchange for a full year or term.
- Look for positions in the Career Buzz Newsletter.

GET READY FOR LIFE AFTER GRADUATION
- Grappling with program decisions? Go to Majors Night. Make an appointment with your Academic and Career Advisor to discuss your program.
- Explore different careers of interest in the Career Services Information Area. For more information check out Career Cruising or find and connect with alumni on LinkedIn.
- Start focusing on areas of interest. Think about the requirements for related careers of interest – do they require additional schooling? Contact Continuing Teacher Education or Education Student Services to see how to prepare for Additional Qualification (AQ) or Additional Basic Qualification (ABQ) courses.
- Double-check your teaching subjects and Graduation requirements to make sure you're ready for your final year. Contact your Academic and Career Advisor if you have any questions!

Why study in Kingston?

For 175 years, our community has been more than a collection of bright minds – Queen’s has attracted students with an ambitious spirit. Queen’s has the highest retention rates, the highest graduation rates, and one of the highest employment rates among recent graduates. We are a research-intensive university focused on the undergraduate experience. The BBC has identified Kingston as one of the GREATEST UNIVERSITY TOWNS in the world – and it is often awarded the safest city in Canada. It is a university city at the core, just a quick drive to Toronto, Montreal, Ottawa and even New York. A university with more clubs per capita than any other university in Canada, and a city with more restaurants per capita than any other city in North America – you will have the experience of a lifetime at Queen’s – and graduate with a degree that is globally recognized among the best.
