

# Fine Art (Visual Art)

As a Fine Art (Visual Art) student at Queen's, you'll be part of a small group of 30 students benefiting from intensive training in painting, printmaking, sculpture, and new media/installation. Our courses are taught by instructors active in their fields, and supported through insight into the practices of visiting artists from across the country. Along with an internationally renowned artist in residence and courses in art history and the liberal arts, our program provides a broad spectrum of approaches and experiences. It isn't all about classrooms or studios: Fine Art students make relevant field trips to exhibitions and workshops, including an annual trip to New York.
