# Introduction

The Summer Work Experience Program (SWEP) provides Queen's undergraduate students with an engaging, challenging and rewarding summer experiential learning opportunity. Funded partially through the undergraduate portion of the Student Assistance Levy, the program provides a wage subsidy to support the creation of on-campus summer jobs that provide valuable experiences for Queen's undergraduate students.

Staff and faculty members submit proposals, which are reviewed and ranked by a committee and results are sent to everyone who submitted no later than mid-December. Once a proposal has been approved, Career Services will post the job on MyCareer for students to view and apply. If your proposal is approved, you conduct your hiring process (short listing, interviewing).

Throughout the student's work term, SWEP Supervisors take part in an Experiential Learning (EL) WrapAround Learning process. By creating and facilitating student reflection and dialogue in the workplace, supervisors can see an increase in overall productivity and professionalism in their student staff. This form requires only a minimal additional investment of supervisor time to make a significant impact on students' learning and professional development.

## COVID-19 Messaging

### Note for Student Positions

As always, the health and safety of our student [staff/volunteers] is paramount. Where possible, remote opportunities (rather than in-person) are preferred. Extra consideration is required by departments to ensure [Work Study Student Staff/Peers/ Student Volunteers] feel safe at [work/their volunteer opportunity] during this period of COVID-19. Departments must apply the same considerations to student [staff/volunteer] health and safety as you would to other staff. COVID-19 related information and resources are available on the university's COVID Information web page and the Campus Operation Group webpage. If you have any questions about health and safety for student staff and volunteers, please contact the Department of Environmental Health & Safety at [safety@queensu.ca](mailto:safety@queensu.ca) or ext. 32999.

## Program at a Glance

### Positions

SWEP positions are:

- **May-August.** Employment can commence on or after May 1st and must terminate by August 31st. Jobs may run a maximum of 16 weeks in this 18-week window. Actual start and finish dates will depend on the needs of the employer.
- **Full time (usually).** The program does not require that employers submit only full-time positions. However, the vast majority of jobs received are for 16 weeks at 35 hours per week. A few employers offer students some flexibility in when those hours are worked.
- **\$17/hour** plus vacation pay.

Employers may submit more than one proposal for more than one SWEP position. Units must ensure that SWEP positions do not displace existing employees. Work performed by SWEP students must not be covered by any collective agreement.

# Proposal Process

## Call for Proposals

In mid-September, Human Resources sends out a call for proposals (on behalf of the SWEP program) through a list to unit directors and leaders. Departmental leaders are asked to forward this call to all staff and faculty members in their unit who may be interested. This call is also available on the SWEP website: <http://careers.queensu.ca/faculty-staff/hire-student/summer-work-experience-program-sweep>.

All Proposals must be submitted in MyCareer by October 31, 2021.

Please note: if it is your first time using the MyCareer system for SWEP, please start the process before October 31 to ensure you have time to get your account set up.

## Completing the Proposal

Please review the proposal guidelines below and submit by the deadline.

### 1. Access to MyCareer System

Log in to MyCareer using an **employer** account. Note, this is not a Staff/Faculty net ID account. If you do not already have an employer account, get one here: <https://careers.sso.queensu.ca/employers/registration.htm>.

### 2. Draft your Proposal

#### *a) Resources*

As you are writing your proposal, you may find the following resources helpful:

- [Budget planning information](#): help you calculate your employer contribution.
- [SWEP Proposal Word Template](#): this Word template allows you to work on a draft of your proposal before submitting it into the MyCareer system. Once you start working in MyCareer, edits can still be made, but it is easier to start with the Word template and then copy and paste your final draft into MyCareer.
- [Queen's Learning Outcomes Framework](#): assists with the development of the learning plan.

#### *b) Employer Contribution*

Please indicate the wage percentage you will contribute. While the committee may approve highly ranked positions with 0% employer wage contribution, given the limited funds available, employers are encouraged to consider using other sources of funding to enable a significant

contribution. In addition to the rankings of the merits of the position, the percentage employer contribution is also a factor in the committee's decision making to maximize the number of students who can benefit from the program, while also recognizing that not all departments can provide the same level of funding from other sources.

*c) Project & Job Description*

This section should provide an overview of the project, its size and scope, and should provide a layperson's description of the project's importance/relevance in relation to, but not limited by, academic discipline, Queen's strategic goals, and the greater Kingston community. This section will also include the position's required academic background, special skills required to successfully perform the position, and the technical and professional skills required for the position.

- A brief overview and history of the project
- A description of the role, including duties and responsibilities
- Required qualifications, including academic, technical, and professional skills as relevant

*d) Learning Plan*

The Learning Plan is your opportunity to demonstrate the value of this experience for students. Learning Plans should demonstrate what students will gain from working with your unit. The strength of the proposal will depend upon a detailed learning plan that will provide a process through which a student will enhance the skill sets already acquired through academic study and prior work experience as well as the addition of completely new skills.

Consider the following questions:

- What skills will a student demonstrate and develop during their SWEP experience?
- What opportunities and/or activities will be provided to the student to allow them to develop these skills? Please list specific examples where possible.
- What, if any, unique opportunities will the student be able to participate in?

3. Submit Your Proposal

All proposals must be submitted through [MyCareer](#).

- From the MyCareer website, select the **Employers & Educators** tab at the top
- Login using your login and password
- Select Post a New Job
- Select SWEP Job Postings
- Fill in all required information
- Submit posting for committee consideration

## **Proposal Ranking and Decisions**

Each year there is a limited SWEP funding budget. A subcommittee of the Scholarships and Student Aid Committee meets in late November/early December to review and rank proposals. The committee will review each proposal received and rank on the merits of the submission. This is an annual process, and receiving funding in one year does not guarantee funding in a future year.

The committee's goals include creating many student positions, ensuring a range of types of positions to appeal to a wide variety of students and distributing the funding to a range of units across campus. See the [SWEP Proposal Stats](#) for the number of positions that have been approved in the past three years.

The committee also confirms a short list of "stage 2 wait list" proposals, so that if an employer whose proposal was successful later decides not to take their SWEP funding, those dollars can then be re-directed to the wait list. Each year, from 1 to 3 wait list positions are usually funded. The recipients of the top 3 positions on the wait list will be notified.

Each proposal is scored for a potential high score of 8:

- Project & Job Description (4 marks)
- Learning Plan (4 marks)

Committee discussions are confidential and final.

## **Communication of Decision**

All employers who submitted a proposal will be notified whether their proposal was successful or not. This communication will be sent out in the first or second week of December. This email will include the number of positions awarded along with the hours per week and number of weeks per position.

If your proposal is successful, the job(s) will be posted on the student career portal, MyCareer, on the second or third week of December to start the student application process.

## **Student Application Process**

All approved SWEP positions will be made visible to students in MyCareer by mid-December.

Students must apply through the MyCareer system to those positions they are interested in (they are not to apply directly to the employer).

All applications must be submitted by February 10, 2022.

All applications for your approved SWEP position(s) will be forwarded to you by email on the morning after the closing date and then you can start the next phase: Hiring and Onboarding.

### **Student Eligibility**

To be eligible to apply for SWEP positions, students MUST be:

- Currently registered in their first full-time Queen's undergraduate degree program  
AND
- Returning to a full-time Queen's undergraduate degree program in the fall (not graduating this year)
  - Please note that students in the concurrent B. Ed. program ARE eligible
- Students must have submitted their application through MyCareer
  - Student eligibility must be confirmed before hiring (see next section: Hiring and Onboarding Process)
- Students with disabilities who are registered with Queen's Student Accessibility Services will be evaluated as equivalent to full-time as long as they are in at least a 40% academic load (6.0 credit units in each term of study) in the term prior and after the SWEP summer term

# Hiring Process

## 1. Confirm your preferred candidate

Once you receive the student applications for your position(s), conduct your own screening process (including shortlisting, interviewing), then decide on your preferred candidate.

## 2. Confirm SWEPE Eligibility

Send the SWEPE Coordinator your job number plus the name and student number of your preferred candidate so that their eligibility can be confirmed.

You will receive a response back within 48 hours with either:

- i. Confirmation that the student meets the eligibility requirements. You can now make an offer to the student; OR
- ii. Confirmation that the student does not meet the eligibility requirements. You can now move to your next preferred candidate and seek confirmation of their eligibility

***Do not make an offer to a student until you have received confirmation they are eligible. Most students who apply are, but it is important that this be confirmed.***

## 3. Offer Position to Student

Make a verbal offer to the student – give them:

- The job description (print or electronic)
- Number of total hours and preferred schedule over the summer
- Start and end date

## 4. Request Contract

Once the student has accepted the verbal offer, send an email to the SWEPE Coordinator (include the job number, the student name and student number) so that a contract can be forwarded to you to obtain signatures.

The signed contract MUST be returned to [swep@queensu.ca](mailto:swep@queensu.ca) electronically no later than the deadline date of March 31, 2022.

The Supervisor role is considered to be the person whom the student reports directly to, and the Timekeeper is considered to be the person in your department who is responsible for processing student payroll.

## Onboarding and Payroll

### **Onboarding**

SWEP employees are paid employees of your unit. For most onboarding, supervision, and other employment related matters, please follow your normal HR procedures. If you have questions, contact your HR Advisor.

You will receive a welcome email with information about the SWEP Lunch 'n Learn Series. Encourage students to attend the series to help them develop additional, valuable professional skills.

Students will also receive emails including a welcome with information on the Lunch 'n Learn series, a follow-up and request for testimonies and pictures and a wrap up with a feedback survey. If students come to you with questions, please direct them to [swep@queensu.ca](mailto:swep@queensu.ca) if you are unable to answer their questions.

### **Timekeeping and Payroll**

SWEP student staff are categorized as casual hourly employees at Queen's. All policies and procedures for casual hourly employees (including Queen's Payroll Services deadlines) also apply to SWEP students.

Students complete [timesheets](#) and give them to their supervisor for approval. Students then submit their approved timesheet to the unit's timekeeper for processing. The time sheet for hourly employees can be found at (<http://www.queensu.ca/humanresources/forms>) titled 'Timesheet for Casual and Bi-Weekly Paid Employees'

Timekeepers: set contract up in PeopleSoft at \$17.00 per hour. The system will automatically add 4% vacation pay. All SWEP students receive this wage and cannot be paid at a higher or lower rate.

### **Reimbursement**

You are responsible to pay your student in full on a bi-weekly basis throughout the term and will be reimbursed when the student has completed their contract. In August, you will receive a self-audit form from Student Awards. Complete and submit this form to receive your reimbursement.

## Summer Work and Supervision Process

## **Overview**

Adding an Experiential Learning framework to existing on-campus work and volunteer student roles is an important opportunity for students to develop essential skills and knowledge. Working in professional settings with the support of trained supervisors, students are in a natural venue to reflect on the professional skills they are developing through these invaluable learning opportunities. Providing support for Experiential Learning in these contexts is an important way to meet MASED and the university's goal to increase the number of experiential learning opportunities for students.

By creating and facilitating student reflection and dialogue in the workplace, supervisors can see an increase in overall productivity and professionalism in their student staff. Similar programs (e.g. Iowa GROW at The University of Iowa) have reported that students who engaged in conversations designed to encourage reflection on the work experience "were more likely to report that their jobs helped them reach goals outlined by the university for on-campus employment" (e.g. improving writing, speaking, and time management).<sup>1</sup> These programs have found that when students make connections to the workplace, they are more invested in the experience, produce higher quality work, and are more committed to their role and the university.

The Experiential Learning WrapAround requires only a minimal additional investment of your time to make a significant impact on students' learning and professional development. Thank you for being a part of this initiative – you are making a significant difference for our students.

## **Process**

Complete the 4-step process below with your students throughout their role to support their experiential learning and skills development.
