Trent University offers both the Primary/Junior (JK – Grade 6) stream and the Intermediate/Senior (Grade 7-12) stream. Candidates in the Intermediate Senior stream must have two teachable subjects from the following: Biology, Chemistry, Computer Studies, Dramatic Arts, English, First Nations, Metis, and Inuit Studies, French as a Second Language, Geography, Health & Physical Education, History, Mathematics, Physics, and Visual Arts.

Tyndale University offers a 16 month B.Ed. degree program allowing Teacher Candidates to focus on one of the following divisions: the Primary/Junior (K-6), or the Junior/Intermediate (4-10) division. Beginning in August and ending in November, Tyndale Teacher Candidates have approximately 111 days in schools in at least three different classroom settings. Teacher candidates are part of a small, supportive, collaborative, and diverse community. They will develop strong teamwork skills, participate in special events, and make life-long friends, as they are inspired and challenged on our beautiful new campus.

University of Toronto, Master of Management of Innovation  
www.utm.utoronto.ca/mmi  
- Program – MMI Master of Management of Innovation Program

The Master of Management of Innovation program attracts students with science, engineering and technology backgrounds. The program prepares students with the knowledge, skills and strategic perspectives required to become leaders and senior managers. Our curriculum provides a strong foundation in economic analysis, technology management, business strategy, finance, accounting, marketing and policy. The required academic core courses focus on management and economics; students select three electives tailored to their interests and goals. Students must complete a 4 month internship in order to be eligible for graduation. The internship allows students to gain valuable, real-world work experience and an opportunity to demonstrate the key competencies the MMI program has taught them.

University of Toronto, Mississauga  
www.utm.utoronto.ca/mbiotec  
- Program – Master of Management & Professional Accounting

U of T Mississauga’s MMPA program draws talented students with various undergraduate degrees and provides an integrated, experiential learning environment including paid co-op work terms, an MBA curriculum and an accredited CPA pathway. Graduates of the program go on to obtain professional designations including the CPA and CFA, and to pursue careers in Assurance, Accounting, Finance, Management, Consulting, Academia and Entrepreneurship.
### University of Toronto, MScSM Program
