Why GRADUATE STUDIES in KINESIOLOGY & HEALTH STUDIES?

The Kinesiology and Health Studies programs offer you the opportunity to study health, physiology, physical activity, movement, and socio-cultural phenomena of the body. Students may study the mechanics of movement; the body's physiological responses to exercise; physical activity at a population or global level; the promotion of health, wellbeing, and social justice among communities; psychology of sport and physical activity; effects of biological factors on individual health; and effects of socio-cultural factors on individual, community and population health.

“The SKHS graduate program draws students from diverse disciplines and provides them with a space where they can develop holistically through the personalized mentorship of dedicated, internationally-recognized faculty.”

- Colin Baillie, PhD. Candidate

Why QUEEN’S?

Our students collaborate with internationally-recognized researchers on exciting, multi-disciplinary research projects in state-of-the-art facilities located in our own building.

Cross-disciplinary opportunities with other Queen's departments enhance the graduate experience. Collaborations are available with Biomedical and Molecular Sciences, Commerce, Cultural Studies, Faculty of Education, Gender Studies, Global Development Studies, Mechanical and Materials Engineering, Psychology, Public Health Sciences, Geography and Planning, and Sociology. Students may pursue research activities with a number of our community-based partners, including the Boys and Girls Club of Kingston; HIV/AIDS Regional Services; Kingston, Frontenac and Lennox & Addington Public Health; and the Limestone District School Board.

Available PROGRAMS

MSc
- Biomechanics and Ergonomics
- Exercise Physiology
- Health Promotion
- Physical Activity Epidemiology
- Psychology of Sport and Physical Activity

MA
- Socio-Cultural Studies of Sport, Health and the Body

We encourage you to identify an area of research interest and contact a potential supervisor before applying.

Visit the School of Kinesiology & Health Studies website to read faculty profiles and learn more about faculty members' research areas. When you find a faculty member with similar research interests to yours, contact him/her and tell them about your interest in graduate work and related experience.

**Kinesiology & Health Studies MA & MSc Map**

**GETTING STARTED**
- Start with key priorities like developing your relationship with your supervisor, doing your coursework, and forming your thesis committee.
- Consider how your course papers can contribute to your Master’s thesis.
- Find your way through the academic process with help from departmental and Expanding Horizons professional development workshops, the department Grad Chair, and the SGS Habitat.

**MAXIMIZE RESEARCH IMPACT**
- Start to think about the audiences for your research.
- Apply for OGS funding.
- Apply for tricouncil (ICHR, SSHRC, or NSERC) funding.

**BUILD SKILLS AND EXPERIENCE**
- Consider positions in student services, the SOPS, or media outlets like the Queen’s Journal, CFRC, and the SGS Blog. Look in the AMS Clubs Directory for more ideas.
- Serve on departmental, faculty or university committees. Talk to the SKHS Graduate Student Council for tips on getting involved.
- Check out Expanding Horizons professional development workshops.
- Explore how you can connect with your community through experiential opportunities on and off campus.
- Consider volunteering with different community organizations such as the Boys and Girls Club of Kingston, HIV/AIDS Regional Services, or the Queen’s Exercise is Medicine Club.

**ENGAGE WITH YOUR COMMUNITY**
- Participate in your graduate and professional community through activities such as graduate student outreach programs, organizing conferences, and research groups.
- Prepare for work or studies in a multi-cultural environment by taking the Intercultural Awareness Training Certificate hosted by QUIC and the Intercultural Awareness Training Certificate hosted by QUIC and the Intercultural Awareness Training Certificate hosted by QUIC.
- Consider joining professional associations like the American Society for the Sociology of Sport and the Canadian Public Health Association.
- Do some targeted networking with people working in careers of interest.
- Participate in hiring committees and attend job talks. Start focusing on areas of interest. Research organizations of interest and start putting together your CV or resume for potential positions of interest. Get help from Career Services with job searching, resumes, and interviews.
- Attend at least 80% of the SKHS Graduate Seminar Series.
- Attend or present at a graduate conference such as the Macintosh Conference or the Horwood Conference.
- Attend the SKHS Research Colloquium.
- Practice articulating the skills you have been developing in settings outside the university, such as casual conversation, networking, and interviews. Get help from a Career Services workshop or showcase your research in a Grad Chat.
- Investigate internships from MITACS and other sources.
- Check out opportunities for extra training through CTL, Expanding Horizons, Mitacs, or other sources to boost your skills.

**INTERMEDIATE STAGE**
- Complete your coursework, begin to research and write your thesis.
- Attend the SKHS Research Colloquium.
- Attend or present at a graduate conference such as the Macintosh Conference or the Horwood Conference.
- Attend at least 80% of the SKHS Graduate Seminar Series.
- Attend a major conference in your field, such as the American College of Sports Medicine Annual Meeting or the American Society for the Psychology of Sport and Physical Activity conference, or a North American Society for the Sociology of Sport conference.
- Consider putting an article in The Conversation.
- Practice articulating the skills you have been developing in settings outside the university, such as casual conversation, networking, and interviews. Get help from a Career Services workshop or showcase your research in a Grad Chat.
- Investigate internships from MITACS and other sources.
- Check out opportunities for extra training through CTL, Expanding Horizons, Mitacs, or other sources to boost your skills.

**WRAPPING UP**
- Complete your thesis.
- Attend the SKHS Research Colloquium.
- Attend a major conference in your field, such as the American College of Sports Medicine Annual Meeting or the American Society for the Psychology of Sport and Physical Activity conference, or a North American Society for the Sociology of Sport conference.
- Consider putting an article in The Conversation.
- Practice articulating the skills you have been developing in settings outside the university, such as casual conversation, networking, and interviews. Get help from a Career Services workshop or showcase your research in a Grad Chat.
- Investigate internships from MITACS and other sources.
- Check out opportunities for extra training through CTL, Expanding Horizons, Mitacs, or other sources to boost your skills.

Application FAQs

What do I need to know to APPLY?

ACADEMIC REQUIREMENTS
- Bachelor’s degree
- Grade requirements: minimum B+ overall average in the last 20 completed 3.0 GPA courses of study.
- Prospective students who do not have English as a first language must meet the English language proficiency requirements in writing, speaking, reading, and listening. Details are available on the SKHS website.

KEY DATES & DEADLINES
- Application due: March 1st to qualify for internal funding. Applications will be considered until the program is full.
- Notification of acceptance: Successful candidates will initially be notified by letter of offer via email followed by confirmation from the School of Graduate Studies.
- OGS Application due: March 1st. All eligible students are required to apply for OGS (Ontario Graduate Scholarship) funding. Details are available on the SKHS website.

Before you start your application, please review the SKHS graduate studies application process.

What about FUNDING?

Master's students in Kinesiology and Health Studies are guaranteed a funding package for up to two years of study. Funding packages may include an external funding award i.e. TriCouncil (CIHR/NSERC/SSRHC); an OGS (Ontario Graduate Scholarship); other internal fellowship award, scholarship, teaching assistantship(s), and research assistantship(s).

For more information, see the School of Graduate Studies’ information on awards and scholarships.

Where can I get help?
Queen's provides you with a broad range of support services from your first point of contact with the university through to graduation. Ranging from help with academics and careers, to physical, emotional, or spiritual resources – our welcoming environment offers the programs and services you need to be successful, both academically and personally. Check out the SGS Habitat for available resources.

What is the community like?
At SKHS, graduate students in our multi-disciplinary environment learn and discover in a close-knit intellectual community. You will find friends, peers and support among the graduate students enrolled in Queen’s more than 130 graduate programs within 50+ departments & research centres. With the world’s best scholars, prize-winning professional development opportunities, excellent funding packages and life in the affordable, historic waterfront city of Kingston, Queen’s offers a wonderful environment for graduate studies. Queen’s is an integral part of the Kingston community, with the campus nestled in the core of the city, only a 10-minute walk to downtown with its shopping, dining and waterfront. For more about Kingston’s history and culture, see Queen’s University’s Discover Kingston page.
