Why GRADUATE STUDIES IN REHABILITATION AND HEALTH LEADERSHIP?

The DSc (RHL) is a 36 month executive-style degree program that allows students to continue working while completing the degree through a blend of onsite sessions and online learning.

The DSc (RHL) equips currently practicing rehabilitation and health professionals with the knowledge and skills they need to confidently pursue career opportunities that require advanced competencies in leadership, program development, applied research and evaluation, advocacy, change management, and knowledge translation.

The program format and curriculum design are firmly rooted in the belief that collaboration, creativity, and the discovery of new knowledge can inspire changes that benefit people affected by or at risk of disability.

The program is open to all professionals, whose current work or future career goals focus on advancing programs, services, and systems that will positively influence the everyday lives of people affected by or at risk of disability.

The cohort-based program has been designed with the working professional in mind. The blended program format includes short, intensive on-campus components (3-7 days) once or twice per year (depending on year of study), coupled with online learning.

Why QUEEN’S?

As the first professional doctorate program at Queen’s University, the DSc (RHL) will train leader scholars who are able to apply theory and use rigorous methodologies to inform decision-making in rehabilitation and health settings across the country and around the globe.

Program STRUCTURE

Students progress through the program on a full-time basis in order to complete requirements in 36 months. Students entering with a Master’s degree will complete a total of 5 required (core) courses (15 credits), two electives (6 credits), a comprehensive exam, and an applied dissertation. Students entering with a Bachelor’s degree will complete one additional core course (Critical Literature Review).

Core COURSES

- Applying Theory to Enable Change
- Applied Research and Evaluation
- Leadership Development
- Communication, Advocacy, and Action
- Preparing Competitive Funding Proposals

Applied DISSERTATION

Students identify a real-world problem in rehabilitation or health setting, and design, implement and evaluate a process, program or system to address this problem.

Program DELIVERY

Learning outcomes will be achieved through several interwoven strategies:

- An initial 5 day, on-site intensive to orient students to the program in general, launch work on core courses, and meet peers, faculty members, academic advisors, etc.;
- On-line course work that integrates synchronous and asynchronous components including regular, technology-supported, group-based discussions that are independent of course work to support the development of a community-of-learning and professional network.

2020-2021
Rehabilitation and Health Leadership
Doctor of Science (DSc)

YEAR 1
- Meet early with your advisor to set expectations and discuss roles, responsibilities, program requirements, resources, research/occupational goals, timelines, and any accommodation plans.
- Consider how your coursework can contribute to your research proposal and comprehensive examination.
- Look to Student Academic Success Services for a variety of support.

YEAR 2
- Complete your comprehensive examination.
- Find your way through the academic process with help from departmental and Expanding Horizons professional development workshops, the RHL Program Director ad Program Assistant and SGS Habitats.
- Set up regular meeting with your advisor to discuss progress and obstacle to timely completion.
- Seek experiential/professional learning opportunities.

YEAR 3
- Continue to meet regularly with your advisor; review research progress, and write your dissertation.
- Plan date of dissertation submission for examination.
- Present your research to graduate students and faculty and work with advisor to prepare for dissertation presentation.
- Review submission and examination guidelines.
- Secure necessary oral defence accommodations.
- Discuss career pathways, reference letters, and publications.

ACHIEVE YOUR ACADEMIC GOALS
- Think about audiences for your research.
- Complete CORE online module on research ethics if doing research with living people or sensitive topics.
- Attend conferences in your field.

MAXIMIZE SCHOLARLY IMPACT
- Start keeping an eportfolio of your skills, experience and competencies.
- Find opportunities for extra training through CTL, Expanding Horizons, Mitacs, or other sources to boost your skills.
- Prepare for work or studies in a multi-cultural environment by taking the Intercultural Awareness Training Certificate hosted by QUIC and Four Directions Indigenous Student Centre.

BUILD SKILLS AND EXPERIENCE
- Participate in your graduate and professional community through activities such as graduate student outreach programs, organizing conferences, and research groups.
- Do some targeted networking with people working in careers of interests, through Queens Connects on LinkedIn, the Queen’s Alumni Association, professional associations, and at conferences. Get help from a Career Services workshop.
- Join professional associations like the Canadian Health Leadership.

ENGAGE WITH YOUR COMMUNITY
- Finding career fit starts with knowing yourself. Take a Career Services career planning workshop or meet with a career counsellor for help. Check out books like So What Are You Going to Do With That? or Planning a Scientific Career in Industry from the Career Resource Area.
- Start reading publications like University Affairs and the Chronicle of Higher Education. Browse the non-academic labour market websites.
- Stay on the lookout for special events like School of Graduate Studies Career Week to explore your career pathways.
- Participate in hiring committees and attend job talks. Research academic careers of interest. Craft your CV and job application materials.
- Participate in the Canadian Rehabilitation and Health Leadership Program. Engage with colleagues and community partners in diversity and inclusion, advocacy and policy in rehabilitation and health leadership.

PROPEL YOUR CAREER
- Present your work at graduate conferences such as the Rehabilitation Research Colloquium.
- Expand your research audience through social media such as Twitter or a blog.
- Explore different careers of interest by using QueensConnects on LinkedIn to connect with alumni. For information check out Career Cruising.
- Investigate requirements for professional positions or other opportunities related to careers of interest.

WHERE CAN I GO?
- Design, implement and evaluate novel services, programs and processes in diverse areas of rehabilitation and health.
- Advocate for and lead services and programs to enhance the lives of people affected by or at risk of disability.

PROGRAM OUTCOME
- DSc (RHL) Graduates will be able to:
  - Critically appraise, synthesize, and integrate knowledge from multiple sources and consider the impact of its application on various stakeholders (e.g., patients/clients, practitioners, families, public and private systems that fund or deliver services), in order to improve rehabilitation and health practice and service delivery.
- Engage in scholarly and professional activities in rehabilitation and health leadership.

Application FAQs

What do I need to know to APPLY?

Requirements

Academic Requirements
- A B+ average in a Master's degree with a minimum of one-year work experience in a setting that develops, implements or manages programs, services, policies or processes for people affected by or at risk of a disability and evidence of progressive involvement in leadership activities or roles as evidenced in a curriculum vitae and through letters of reference OR
- A B+ average in a Bachelor's degree (four-year undergraduate program or equivalent) with a minimum of 5 years work experience in a setting that develops, implements or manages programs, services, policies or processes for people affected by or at risk of a disability and evidence of progressive involvement in leadership activities or roles as evidenced in a curriculum vitae and through letters of reference.

Additional Requirements
- One Professional Reference: A reference that addresses your work and/or volunteer experience and potential for leadership in rehabilitation and health.
- Two Academic References
- Current curriculum vitae (CV) or Resume: 4 pages maximum, submitted directly to the Graduate Assistant.
- Letter of Intent: Maximum 2500 characters without spaces, submitted directly to the Graduate Assistant.

Key Dates & Deadlines
- Complete applications are reviewed and offers are made on an on-going basis by the program.
- Applicants are encouraged to apply early, before the final application deadline of January 15.

Funding
- Application Fee: $110
- Program Fee: An annual fee of approximately $1830 (2020-2021). This covers the costs of on-site sessions, including hotel rooms and meals, and textbooks for core courses.
- Tuition Fees: The tuition fees for the 2020-2021 year are approximately $2800 per term.
- The DSc (RHL) is a professional program designed to allow students to continue working throughout their studies. While funding packages are not provided to students, all applicants are automatically considered for entrance scholarships specific to the program, are encouraged to seek external funding (including employer support), and are eligible to apply for Teaching Assistantships and Research Assistantship positions.
