Why GRADUATE STUDIES in PUBLIC HEALTH?

Public health initiatives like clean air and water standards, vaccination and tobacco control have changed the world, yet some of our greatest challenges may still be ahead. The dynamic and growing field of public health needs graduates who can effectively take the best available evidence from research, context and experience and move it into action that reduces inequities, prevents disease, and improves health and well-being for all.

Boost your career prospects by completing a Master of Public Health (MPH) degree at Queen’s. Develop your capacity to lead Evidence-Informed Action for Public Health.

“All the instructors seemed really engaged in the courses they were teaching. There’s a nice mix of courses – some quantitative, some applied, and some theory. Everyone seemed to be very connected, and got along well.”

– Katherine Launier, MPH Graduate

Why QUEEN’S?

The Queen’s Master of Public Health is a professional, course-based degree that educates, equips and inspires students to take Evidence-Informed Action for Public Health. Our generalist MPH degree focuses on the foundational sciences of epidemiology and biostatistics. We train our students to effectively define public health issues and search, appraise, synthesize, and adapt public health evidence in order to implement and evaluate public health programs and policies.

We teach our students face-to-face and prioritize collaborative learning. Through a combination of academic course work and a 400-hour practicum placement, our students learn to:

• Think like public health professionals – we educate students on public health theory and methods
• Perform like public health professionals – we equip students with practical skills and competencies
• Act like public health professionals – we inspire students to lead with the ethics and values of public health

Program STRUCTURE

We offer two MPH program options:

• Our 16-month MPH attracts applicants from a range of disciplines. The degree includes 9 courses (6 core, 3 elective), a Public Health Professional Development course, and a 400-hour practicum placement.
• Our 12-month Accelerated MPH is for experienced professionals with a minimum of 2 years full-time cumulative paid work experience in health care, public health or a related field. The degree includes 8 courses (6 core, 2 elective) and a 400-hour practicum.

Part-time studies are also available.

Visit the Public Health Sciences website to learn more about the program and its opportunities.

Application FAQs

What do I need to know to APPLY?

ACADEMIC REQUIREMENTS
Minimum 75% average in one of the following degrees awarded by a recognized university:
- An Honours Bachelor Degree in Arts or Science
- A Bachelor Degree in Applied Science or Law
- A Degree of Doctor of Medicine
- Or equivalent

ADDITIONAL REQUIREMENTS
- Undergraduate-level course in mathematics, statistics or data analysis.
- Two copies of transcripts from all post-secondary institutions attended.
- Two academic reference letters.
- Statement of Interest responding to specific questions outlined in the “How to Apply” section of the MPH program website
- If English is not a native language, prospective students must meet the English language proficiency requirements in writing, speaking, reading, and listening. This program requires a minimum score of 600 on the TOEFL (paper-based) exam.
- For applicants from universities outside of Canada, a Graduate Records Examination (GRE) score is mandatory. A minimum score of 149 on the quantitative section is required. The GRE institution code is 0949 and the department code is 0606.

ADDITIONAL REQUIREMENTS FOR ACCELERATED MPH PROGRAM
- Demonstration of a minimum of 2 years full-time cumulative paid employment in health care, public health or a related field. Work experience may include two years of accredited residency through the Royal College of Physicians and Surgeons of Canada. Eligible work experience is paid employment after the completion of an undergraduate degree.
- Professional letter of reference from an employment source, in addition to two academic letters of reference.

KEY DATES & DEADLINES
- Application due: January 31.
- Admission: There is only one admission date per year, in September.

Before you start your application, please review the Graduate studies application process.

What about FUNDING?
Queen's University does not provide funding to students entering professional degrees. As a result, the Master of Public Health program is not funded by the Department of Public Health Sciences or Queen's University.
