Why GRADUATE STUDIES in PUBLIC HEALTH?

Public health initiatives like clean air and water standards, vaccination and tobacco control have changed the world, yet some of our greatest challenges may still be ahead. The dynamic and growing field of public health needs graduates who can effectively take the best available evidence from research, context and experience and move it into action that reduces inequities, prevents disease, and improves health and well-being for all.

Boost your career prospects by completing a Master of Public Health (MPH) degree at Queen's. Develop your capacity to lead Evidence-Informed Action for Public Health.

"All the instructors seemed really engaged in the courses they were teaching. There's a nice mix of courses – some quantitative, some applied, and some theory. Everyone seemed to be very connected, and got along well."

– Katherine Launier, MPH Graduate

Why QUEEN'S?

The Queen's Master of Public Health is a professional, course-based degree that educates, equips and inspires students to take Evidence-Informed Action for Public Health. Our generalist MPH degree focuses on the foundational sciences of epidemiology and biostatistics. We train our students to effectively define public health issues and search, appraise, synthesize, and adapt public health evidence in order to implement and evaluate public health programs and policies.

We teach our students face-to-face and prioritize collaborative learning. Through a combination of academic course work and a 400 hour summer practicum placement, our students learn to:

- **Think** like public health professionals – we educate students on public health theory and methods
- **Perform** like public health professionals – we equip students with practical skills and competencies
- **Act** like public health professionals – we inspire students to lead with the ethics and values of public health

Program STRUCTURE

We offer two MPH program options:

- Our 16-month MPH attracts applicants from a range of disciplines. The degree includes 9 courses (6 core, 3 elective), a Public Health Professional Development course, and a 400-hour practicum placement.
- Our 12-month Accelerated MPH is for experienced professionals with a minimum of 2 years cumulative paid work experience in health care, public health or a related field. The degree includes 8 courses (6 core, 2 elective) and a 400-hour practicum.

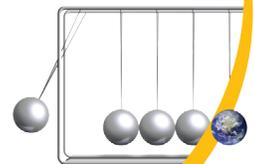

Part-time studies are also available.

Visit the [Public Health Sciences website](#) to learn more about the program and its opportunities.

MASTER OF PUBLIC HEALTH (MPH)

GETTING STARTED

INTERMEDIATE STAGE

WRAPPING UP

ACHIEVE YOUR ACADEMIC GOALS

- Get settled in Kingston and begin your course work.
- Begin to collect and generate artifacts for your MPH Competency ePortfolio.
- Find your way through the academic process with help from departmental and [Expanding Horizons](#) professional development workshops, the department Grad Chair and the [SGS Habitat](#).

MAXIMIZE THE IMPACT OF YOUR PRACTICUM PLACEMENT

- Connect with the Professional Development Officer to discuss your practicum placement goals.
- Strengthen your professional career skills in the Public Health Professional Development course.

BUILD SKILLS AND EXPERIENCE

- Serve on departmental or university committees. Talk to the [Public Health Sciences Student Association](#) for tips on getting involved.
- Consider positions in student services, the [SGPS](#), or media outlets like the [Queen's Journal](#), [CFRC](#), and the [SGS Blog](#). Look in the [AMS Clubs Directory](#) for more ideas.
- Check out professional development workshops from [Expanding Horizons](#).

ENGAGE WITH YOUR COMMUNITY

- Explore how you can connect with your community through experiential opportunities on- and off-campus.
- Consider volunteering with different community organizations, such as [KFL&A Public Health](#), [Kingston General Hospital](#), and the [Kingston Community Health Centres](#).

LAUNCH YOUR CAREER

- Finding a career that fits starts with knowing yourself. Get help by taking a [Career Services career planning workshop](#) or meeting with a career counsellor. Check out books like *So What Are You Going to do With That?* for advice on various career options.
- Stay on the lookout for special events like Graduate Student [Career Forum](#) to explore your career pathways.

- Continue your core coursework and choose electives that deepen knowledge and skills in your areas of interest.
- Keep working on your MPH Competency ePortfolio, gathering artifacts and organizing them into Themes.

- Apply to various practicum placement opportunities or negotiate your own placement.
- Get help from Career Services with [job searching, resumes, or interviews](#).
- Confirm your placement and preceptor and complete the administrative requirements.

- Attend a public health-related workshop or conference.
- Keep developing your MPH Competency ePortfolio to collect and reflect on your skills and achievements.
- Seek opportunities to deepen your public health experience and connections

- Participate in your graduate and professional community through activities such as graduate student outreach programs, organizing conferences, and more.
- Build your skills in the public health competency of diversity and inclusiveness by taking [QUIC and Four Directions Aboriginal Student Centre's Training Certificate](#).
- If you are an international student interested in staying in Canada, consider speaking with an [International Student Advisor](#).

- Explore different careers of interest by reading [alumni profiles](#) on the [SGS](#) and [Public Health Sciences](#) website, and using [QueensConnects](#) on LinkedIn to connect with Queen's alumni, or find alumni in various careers through "[Ask an Alum](#)".

- Complete your course work.
- Finalize a MPH Competency ePortfolio Presentation to be shared with potential employers.

- Leverage your practicum experience to clarify your professional goals, and help you transition from graduate studies to professional work in public health.
- Set up a meeting with the School of Graduate Studies for a [Grad Chat](#) to discuss your research interests.
- Consider putting an article in [The Conversation](#).

- Attend a major conference in your field, such as the OPHA's [Fall Forum](#) or [The Ontario Public Health Convention](#).
- Practice articulating the skills you have been developing in settings outside the university, such as casual conversation, networking, and interviews. Get help from a [Career Services workshop](#).
- Check out opportunities for extra training through the Centre for Teaching and Learning, Expanding Horizons, [Mitacs](#), or [other sources](#) to boost your skills.

- Do some targeted networking with people working in public health, through [QueensConnects](#) on LinkedIn, the [Queen's Alumni Association](#), professional associations, and at conferences. Get help from a [Career Services workshop](#).
- Consider joining professional associations like the [Ontario Public Health Association](#) and the [Canadian Public Health Association](#).

- Focus on your areas of interest. Research organizations of interest, use your MPH Competency ePortfolio and resume, and begin your job search plan. Get help from Career Services with [job searching, resumes, or interviews](#).

WHAT WILL I LEARN?

A Master of Public Health can equip you with the seven core competencies of public health:

- **Public Health Sciences:** Key knowledge and critical thinking skills related to epidemiology, biostatistics, prevention of disease and more
- **Assessment and Analysis:** Skills to collect, assess, analyze, and apply information
- **Policy and Program Planning, Implementation, and Evaluation:** Skills to plan, implement, and evaluate policies and programs
- **Partnerships, Collaboration, and Advocacy:** Ability to influence and work with others, to build teams and mediate different interests
- **Diversity and Inclusiveness:** Ability to interact effectively with diverse individuals, groups, and communities
- **Communication:** Skills to communicate effectively in written, oral, and multimedia forms to different audiences
- **Leadership:** Ability to build capacity and improve performance, as well as create, communicate and apply shared vision, mission, and values

WHERE CAN I GO?

A Master of Public Health degree can take your career in many directions. Our graduates hold positions as:

- Health planners
- Research analysts
- Health promoters
- Evaluators
- Project managers
- And more

Queen's MPH graduates work in health units, government agencies, hospitals, community organizations and research institutes across the country and beyond. Taking time to explore career options, build experience, and network can help you have a smooth transition to the world of work after graduation.

Graduate Studies FAQs

How do I use this map?

Whether you are considering or have embarked on graduate studies at Queen's, use this map to plan for success in five overlapping areas of your career and academic life. The map helps you explore possibilities, set goals and track your individual accomplishments. Everyone's journey is different – the guide offers options for finding your way at Queen's and setting the foundation for your future. To make your own customized map, use the online [My Grad Map](#) tool.

Where can I get help?

Queen's provides you with a broad range of support services from your first point of contact with the university through to graduation. Ranging from help with academics and careers, to physical, emotional, or spiritual resources – our welcoming environment offers the programs and services you need to be successful, both academically and personally. Check out the [SGS HABITAT](#) for available resources.

What is the Queen's graduate student community like?

At Queen's, graduate students from all disciplines learn and discover in a close-knit intellectual community. You will find friends, peers and support among the graduate students enrolled in Queen's more than 130 graduate programs within 50+ departments & research centres. With the world's best scholars, prize winning professional development opportunities, excellent funding packages and life in the affordable, historic waterfront city of Kingston, Queen's offers a wonderful environment for graduate studies. Queen's is an integral part of the Kingston community, with the campus nestled in the core of the city, only a 10-minute walk to downtown with its shopping, dining and waterfront. For more about Kingston's history and culture, see Queen's University's [Discover Kingston](#) page.

Application FAQs

What do I need to know to APPLY?

ACADEMIC REQUIREMENTS

Minimum 75% average in one of the following degrees awarded by a recognized university:

- An Honours Bachelor Degree in Arts or Science
- A Bachelor Degree in Applied Science or Law
- A Degree of Doctor of Medicine
- Or equivalent

ADDITIONAL REQUIREMENTS

- Undergraduate-level course in mathematics, statistics or data analysis.
- Two copies of transcripts from all post-secondary institutions attended.
- Two academic reference letters.
- Statement of Interest describing why you have decided to pursue a MPH at Queen's.
- Description of career goals and how the completion of the graduate degree contributes to their achievement.
- If English is not a native language, prospective students must meet the [English language proficiency requirements](#) in writing, speaking, reading, and listening. This program requires a minimum score of 600 on the TOEFL (paper-based) exam.
- For applicants from universities outside of Canada, a Graduate Records Examination (GRE) score is mandatory. A minimum score of 149 on the quantitative section is required. The GRE institution code is 0949 and the department code is 0606.

ADDITIONAL REQUIREMENTS FOR ACCELERATED MPH PROGRAM

- Demonstrate a minimum of 2 years cumulative paid work experience in health care, public health or a related field. Work experience may include two years of accredited residency through the Royal College of Physicians and Surgeons of Canada.
- Professional letter of reference from an employment source.

KEY DATES & DEADLINES

- **Application due:** January 31.
- **Admission:** There is only one admission date per year, in September.

Before you start your application, please review the [Graduate studies application process](#).

What about FUNDING?

Queen's University does not provide funding to students entering professional degrees. As a result, the Master of Public Health program is not funded by the Department of Public Health Sciences or Queen's University.
