Combining courses from Film and Media, along with Drama, Media and Performance Production is ideal for students interested in exploring both these fields and in drawing together the lessons to be learned in each. Every year, the program invites a director, writer, or other notable professional working in theatre, film or television to come to Kingston as our stage and screen visiting artist. Students have an opportunity to work with and take classes from this distinguished artist who, in addition to sharing experiences, also gives a presentation for a broader Queen’s and Kingston audience.

**TOP 5 REASONS to study stage and screen**

1. Students gain a true understanding of the relationship between the arts in contemporary society.
2. We offer exchange opportunities to more than 100 schools in over 30 countries.
3. Our small program allows close interaction with professors and classmates.
4. Learn in our state-of-the-art facility the Isabel Bader Centre.
5. Students can apply to undertake a practical internship in media production, criticism or curatorship.
