Why GRADUATE STUDIES IN PUBLIC ADMINISTRATION?

The Public Administration graduate program is a bridge between the academic world and the world of public affairs. Our multi-disciplinary MPA programs are focused on policy analysis, development and implementation, preparing new and experienced professionals for rewarding careers in the public, private and nonprofit sectors. Our graduates have gone on to hold positions as ministers and senior officials in municipal, provincial and federal governments. They also provide leadership in hospitals, community organizations and national associations across Canada. Others still work for consulting firms in the private sector.

Why QUEEN’S?

The School of Policy Studies offers a rich and rewarding learning experience that is unsurpassed in Canada and matched only by the best public policy programs in the world. Through high quality interactive teaching and integrated learning, we enhance leadership in public policy by providing students the inspiration, skills, competencies and connections to become better contributors to the public good. The MPA curriculum includes core courses in economics, policy analysis, governance, management and quantitative methods. Through elective courses, students apply their skills to the analysis and resolution of concrete policy and management problems.

EXPERIENTIAL Learning

Experiential learning is an important aspect of Queen’s MPA programs and we strive to incorporate the practical application of skills as a major component of the learning experience. Participate in unique opportunities to link theory and practice, to move from the academic to the applied. Our students participate in study tours in Kingston, Ottawa, Toronto and Washington. These study tours are an opportunity for students to deepen their understanding of policy in a variety of sectors – public, private and nonprofit.

CAREER Support

Queen’s School of Policy Studies offers one of the most comprehensive career support programs anywhere. Our workshops, one-on-one mentoring, alumni networking events are all designed to help our students realize their goals and ambitions.

Program STRUCTURE

Degrees Offered & Method of Completion:

“The MPA provided a unique blend of academic and professional experience and supported the development of fundamentals skills that I use on a daily basis working on health care policy and strategy implementation. I will forever be grateful for the opportunity to learn from outstanding professors in a dynamic environment and benefit from great experiences provided throughout the program.”

– Madelaine Meehan, BAH’14, MPA’16
