Thank you for becoming a Work Study employer! We hope that this will be a rewarding experience for you and for the students working with you.

The Work Study program creates experiential learning opportunities for students by providing a subsidy for on campus units to create paid part-time opportunities for students with financial need at Queen’s. Not only do these opportunities provide students an important source of income, they also provide valuable experiences and opportunities for students to develop the necessary skills to succeed at Queen’s and post-graduation.

We welcome any suggestions or input that you might have, as we are continuously looking to improve our program and this manual. Please contact the program coordinator, Sheila Hutchison, with any comments or suggestions, by phone at (613) 533-6000 ext. 74044, or email at wkstudy@queensu.ca.

We hope that you find the manual useful.

Getting Started

Posting a Job

Job descriptions are to be posted online through MyCareer, unless employers have a particular student in mind. The job posting must include the job description, skills or qualifications required, as well as how you would like the student to contact you. Departments wishing to hire students through the Work Study program are responsible for first ensuring these arrangements comply with all provisions of Queen’s collective agreements and HR policies. Contact your HR Advisor prior to submitting a job posting should you have any questions.

As an employer you may then review applications and commence with the hiring process from your applicant pool. The departments, faculty, school or organization which has posted the job is responsible for verifying eligibility of the candidates, arranging interviews, selecting a candidate, and making a job offer. There is no deadline as to when you can submit your job and hire a Work Study employee throughout the Fall/Winter or Summer term. However, it is not recommended to post job opportunities near the end of the respective school term, when students as well as the program are winding down.

If you do not already have access to MyCareer please register at: https://careers.sso.queensu.ca/employers/registration.htm.

If you are ready to post your job and have an ID and password please go to: https://careers.sso.queensu.ca/home.htm.

Please ensure you are posting to the Work Study module in MyCareer. You should see this option in the black bar on the left hand side of the page when you log in. If you don’t see it please let me know at wkstudy@queensu.ca.
Hiring Procedures and Onboarding

**Hiring Procedures**

1. **Verbal Offer & Confirmation of Work Study Entitlement**
   Once you have selected your successful candidate(s), the next step is to make a verbal offer to the student and verify their Work Study Entitlement status.

   To verify that your successful candidate has a Work Study entitlement, you may ask your student to forward the email confirmation they received from Student Awards or a snapshot of their SOLUS account showing the award. In addition to confirming their eligibility, this email will also inform you of your student's entitlement. You can use this to calculate how many hours your student is eligible by dividing the entitlement by $14.60.

2. **Creating a Contract & Formal Offer**
   Once you have confirmed your student’s entitlement, you may proceed to creating the contract. We have a self-serve contract system. You can find the fillable pdf and instructions at [http://careers.queensu.ca/faculty-staff/hire-student/work-study](http://careers.queensu.ca/faculty-staff/hire-student/work-study) under Work Study Contracts.

   Once you have completed this form, including signatures from the supervisor, the student, and the Timekeeper, scan and email this document to wkstudy@queensu.ca. You must receive a confirmed contract from the program coordinator to ensure the student has been hired under the Work Study program.

   The Supervisor role is considered to be the person to whom the student reports directly to, and the Timekeeper is considered to be the person in your department who is responsible for processing student payroll. This contract must explicitly state the number of hours which the student is eligible to complete.

**Onboarding**

Work-Study employees are paid employees of your unit. For most onboarding, supervision, and other employment related matters, please follow your normal HR procedures. If you have questions, contact your HR Advisor.
Hours of Work and Payroll

Work Hours

Work Study entitlements dictate the total number of hours students may work and get paid by a Work Study employer. To calculate this, simply divide the total Work Study Entitlement amount by 14.60, which is the hourly rate of pay. A sample breakdown is as follows:

- $3000 = 205 hours (International students only) (8.5 hours per week)
- $2000 = 136 hours (5.5 hours per week)
- $1500 = 102 hours (4 hours per week)
- $1000 = 68 hours (2.5 hours per week)

The weekly hour breakdown for this sample is a guideline and based on the 12 weeks of classes for the Fall and Winter terms.

Be sure to remember that this entitlement is allocated for the entire school year, and not just for a single semester. When you hire a Work Study student, as the employer, you should indicate to the student approximately how many hours will be available to the student. Any contract signed will indicate the number of hours that the student is hired for.

Students with More than One Position

If for any reason the student is not getting the amount of hours that were agreed upon, or there has been a change and it doesn’t look like the number of hours that were agreed upon will be available, students have the liberty to find more than one job to achieve the full entitlement as long as the total amount of hours combined does not exceed their maximum entitlement.

In the instance that a student finds a second Work Study job, the student will need to notify and gain the consent of the original employer. The original employer needs to send an email to the program coordinator confirming agreement and indicating the number of hours they will use, and the remaining number of hours are available for the other department.
**Payroll**

Work-Study staff are categorized as casual hourly employees at Queen’s. All policies and procedures for casual hourly employees (including Queen’s Payroll Services deadlines) also apply to Work Study students.

Students complete [timesheets](http://www.queensu.ca/humanresources/forms) and give them to their supervisor for approval. Students then submit their approved timesheet to the unit’s timekeeper for processing. The time sheet for hourly employees can be found at ([http://www.queensu.ca/humanresources/forms](http://www.queensu.ca/humanresources/forms)) titled ‘Timesheet for Casual and Bi-Weekly Paid Employees’

Timekeepers: set contract up in PeopleSoft at $14.03 per hour. The system will automatically add 4% vacation pay, making the student’s hourly rate $14.60. All Work Study students receive this wage and cannot be paid at a higher or lower rate.

**Reimbursement**

The Work Study Program reimburses 75% of the used entitlement. As the employer you are expected to pay 25% or $3.65 an hour, plus all benefits (~11%). The Work Study subsidy does not cover the employer’s regulated deductions, i.e. Canada Pension Plan (CPP), Employment Insurance (EI), Employment Health Tax (EHT), or Worker’s Compensation (WSIB). You are responsible for paying the student in full on a bi-weekly basis throughout the term and will be reimbursed when the student has completed their contract, upon receipt of a completed self-audit form that you will receive from Student Awards.
Overview

Working in professional settings with the support of trained supervisors, Work Study students are in a natural venue to reflect on the professional skills they are developing through these invaluable learning opportunities. Providing support for experiential learning in Work Study positions is an important way to meet the university’s goal to increase the number of experiential learning opportunities for students.

By creating and facilitating student reflection and dialogue in the workplace, supervisors can see an increase in overall productivity and professionalism in their student staff. Similar programs (e.g. Iowa GROW at The University of Iowa) have reported that students who engaged in conversations designed to encourage reflection on the work experience “were more likely to report that their jobs helped them reach goals outlined by the university for on-campus employment” (e.g. improving writing, speaking, and time management).¹ These programs have also found that when students make these connections in the workplace, they are more invested in the experience, produce higher quality work, and are more committed to their role and the university.

The Experiential Learning WrapAround process outlined below requires only a minimal investment of your time to make a significant impact on students’ learning and professional development. Thank you for being a part of this initiative – you are making a meaningful difference for our students.
